 - 6a. If yes, attach in **Tab 6** supporting documentation from the Office of the Governor.

SECTION 11: Investment

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as Subchapter B or Subchapter C, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's website at www.texasahead.org/tax_programs/chapter313/.

1. At the time of application, what is the estimated minimum qualified investment required for this school district? 5,000,000.00
2. What is the amount of appraised value limitation for which you are applying? 15,000,000.00
- Note:** The property value limitation amount is based on property values available at the time of application and may change prior to the execution of any final agreement.
3. Does the qualified investment meet the requirements of Tax Code §313.021(1)? ☒ Yes ☐ No
4. Attach a description of the qualified investment [See §313.021(1).] The description must include:
 - a. a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021 (**Tab 7**);
 - b. a description of any new buildings, proposed new improvements or personal property which you intend to include as part of your minimum qualified investment (**Tab 7**); and
 - c. a detailed map of the qualified investment showing location of tangible personal property to be placed in service during the qualifying time period and buildings to be constructed during the qualifying time period, with vicinity map (**Tab 11**).
5. Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or §313.053 for Subchapter C school districts) for the relevant school district category during the qualifying time period? ☒ Yes ☐ No

TAB 4

Detailed Description of the Project

Project Description

Flat Top Wind I, LLC is requesting an appraised value limitation (“AVL”) from Priddy Independent School District (PISD) for a proposed renewable energy project using wind turbines (the “Project”), located in Priddy ISD within Mills County and Comanche County, Texas. The Project spans four (4) school districts including Priddy ISD. This application covers property located only in Priddy ISD. A map showing the location of the Project is included in Tab 11a. Mills and Comanche Counties each contain a Reinvestment Zone as defined in Section 311.005 of Chapter 311, Title 3, Texas tax Code (see Tab 16 for documentation of Reinvestment Zone status). Current land use for the private property within the Reinvestment Zones consist of farming and ranching.

The property for which the applicant is requesting an AVL shall include, but not be limited to, the following: the above-reference wind turbines, towers, and reinforced concrete slabs supporting the weight of each turbine tower; equipment and towers used to gather meteorological data; buried and overhead electrical conductor cables (including poles) used to transport electricity from the turbine towers to an electrical substation; the electrical substation and electrical conductor cables used to transport electricity away from the Project site; buried and overhead communication cables; FFA-required wind turbine obstruction lighting; one or more operation and maintenance buildings used to store maintenance supplies, replacement parts and related equipment; and various appurtenant equipment and small items related to the above-listed tangible personal property. None of this property is covered under an existing appraisal district account number.

Qualified Property

The exact number of turbines and the size of each turbine may vary depending upon the wind turbines selected and the generating capacity of the completed Project. Flat Top Wind I, LLC anticipates that the Project will have a capacity of between 150 and 200 megawatts (MW), comprised of 50 to 100 wind turbines with a nameplate generating capacity of 2.0 to 3.0 MW each. Depending on availability of specific turbine models, necessary equipment and power purchase agreements, up to 78 wind turbines will be installed in Priddy ISD. Flat Top Wind I, LLC anticipates that the value of the Project’s total investment in Priddy ISD will be approximately \$204.4 million.

Timeline

If the AVL application is approved, construction of the Project is proposed to begin in July 2017 and will take approximately twelve (12) months to complete. Commencement of Commercial Operations is anticipated to take place in 2Q 2018. During construction, the Project will employ an estimated two hundred (200) construction workers at the Project site.
